### 2.INTRODUCTION:

FFPAI is a convenient acronym comprising the first five initials of the Federation of Family Physicians' Associations of India, an organization to which Medical Associations of General Practitioners/Family Physicians from different parts of India are affiliated as UNITS. FFP AI, for practical purposes, is the Indian Organization of Family Doctors.

### 3.STRUCTURE OF FFP AI:

FFPAI is made up of Medical Associations of General Practitioners/Family Physicians of India concerned with the academic and other aspects of general family practice. Beginning with 16 member units in 1986, there are now 40 member units in India. In all, the total membership of the member organizations of FFP AI is over 8000 general practitioners/family physicians.

FFPAI represents and acts as an advocate for its constituent members at national and international level where it interacts with world bodies concerned with healthcare and primary care, to uplift the standards of family physicians and their practice.

### 4.MISSION OF FFP AI:

The mission of FFP AI is to improve the quality of life of the peoples of India through defining and promoting its values, and by fostering and maintaining high standards of care in general practice/family medicine by promoting personal, comprehensive and continuing care for the individual in the context of the family and the community, encouraging and supporting the development of academic associations of general

practitioners/family physicians, providing a forum of exchange of knowledge and information between member units of general practitioners/family physicians, and representing the educational, research and service provision activities of general practitioners/family physicians before other world organizations and forums concerned with health and medical care.

#### **5.AIMS & OBJECTIVE OF FFPAI:**

- A. To maintain the honor and dignity of the Medical Profession in general and Family Physicians in particular.**
- B. To uphold the interest of Family Physicians and promote cooperation among the general practitioners.**
- C. To establish an academy of Family Physicians for post graduate education in family medicine in recognized Universities in India.**
- D. To take up research work in family practice/general practice.**
- E. To make representations at Government level, to have an effective voice of family physicians to be heard at all levels of policy making with regard to Medical Education.**
- F. To organize medical/blood donations camps as a regular feature to help the masses in rural areas and help in relief works during epidemics and natural calamities.**
- G. To conduct educational campaigns among the people in matters of public health, hygiene and sanitation.**
- H. To start the Institute of Family Practice at the unit/association level to update family physicians with relevant advances in the medical field.**

#### **6. WORKING PATTERN OF FFPAI:**

There are many ways in which FFPAI has impact on the world of family medicine:

- A. Scientific activities, finance, bylaws, publications and communications.**
- B. Working groups on the classification of problems encountered in general family practice, rural practice, quality assurance, informatics, the environment, communications and publications, research, health care in general and several aspects of family medicine.**
- C. These committees and groups are experienced family doctors who meet periodically and in between work by correspondence. Over the years they have carried out significant work.**

## 7. COMPOSITION OF GOVERNING BODY OF FFPAI:

A Central Council comprising the representatives of member units and the Office Bearers of FFPAI governs FFPAI and meets once in a year. An Executive Committee meets 3 times a year to conduct the affairs of the organization in accordance with the memorandum, rules and regulations.

Central Council Membership of FFPAI Each unit has to nominate 1, 2 or 3 eligible members of their unit as central council members depending upon their total membership.
